

Supply Chain Seminar Series

Sponsored by:

“Contracting’s Role in Support of Supply Chain Management”

By:

**Tom Kallam (Assistant Professor for Acquisition and Supply
Chain Management)**

This presentation will focus on the role that contracting plays in support of supply chain management. It will also shed light on some of the experiences, challenges, and lessons learned in support of AMCOM customers and programs. Some of the topics will include: industry days, readiness, partnerships, long term contracts, performance based logistics, supply chain reviews, and acquisition workforce issues.

June 25, 2009

10:00AM-12:00

**Shelby Center for Science and Technology
Room 109**

Next Seminar: July 9, 2009. 10am-12 in the Shelby Center, room 109.
Patricia Martin (Director of the Engineering Directorate,
AMRDEC.)
